

# Better Technology Better Results

"Weeke have always set the benchmark for design,

## VANTAGE 32S 'Pocket Rocket'

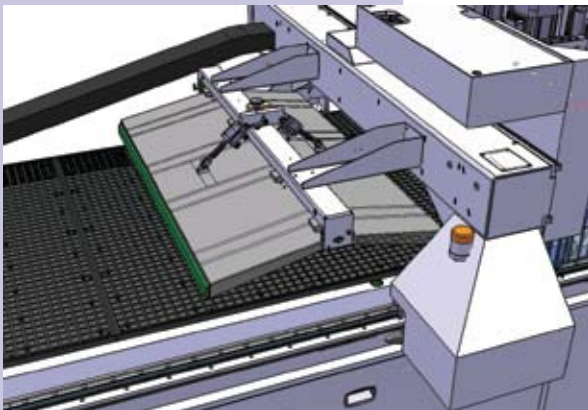

### VANTAGE 32S

Compact design for 2400 x 1200mm sheet. 'Class heavyweight' at 3500kg. Heavily reinforced 'gantry' design fully supported front and back. Unique variable speed, reinforced drill technology. 'Class champion' wherever you look - but surprisingly affordable.

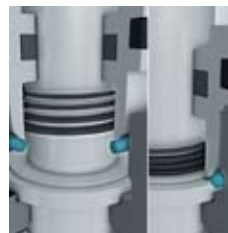

### VANTAGE 33L

3600 x 1200mm capacity. Super fast positioning at 96m/min! Unique 'S/C' technology table that damps vibration up to 10 times quicker than others - better results at higher speeds! Twin 'Z' axis drive - less tool changes. Twin X axis drive for unmatched accuracy and acceleration. 5200kg 'class heavyweight' The new standard for mid sized companies

Auto unloading: Unique design pushes the nest completely clear

Patented drill technology guarantees depth with bits to 35mm diameter!

Stronger, heavily ribbed 'gantry'. Unmatched precision.

Complete software packages to design, 'Nest' and process your products - included

# NEW STANDARDS IN NESTING for small and mid sized shops
